## LANGUAGE SKILLS

---

**English is my mother – tongue**

**Italian at a professional level**

## COMPUTER KNOWLEDGE

---

I have an excellent knowledge and utilization of the MS-Dos and Windows operating systems, of the Office programs, of AutoCAD and of Autodesk Inventor Simulation; a good knowledge of MS Project

## WORKING EXPERIENCES

---

*From April 2004 to December 2011:*

- At the OMF srl company at Roseto degli Abruzzi (TE)
  - Initially, as a **Mechanical Designer**, I worked on the design and engineering of industrial machines, mostly made for the production

and processing of high and low pressure rubber tubes, with Autodesk Inventor 3D CAD, doing, when necessary, dynamic and structural analysis with the FEM finite element method; I also collaborated on making the user manuals of the machines. From year 2007, as **Responsible of the Projects**, I even handled some aspects of the management of the projects, in particular of time, costs and resources

- From the second half of 2007, as **Responsible of Quality**, I guided the company in the achievement of the ISO 9001:2008 Quality Certification, in July 2008
- From June 2008 I was part of the employees assigned to First Aid, after following a 12 – hour course
- In October 2008 I have been nominated Representative of the Workers' Safety, and followed it 32 – hour course

#### **ATTENDED COURSES**

---

*In March-April 2007:*

- *FESTO certified course in pneumatics “Basic products”*
- *FESTO certified course in “Advanced pneumatics and automation techniques”*

#### **INTERESTS AND HOBBIES**

---

Reading, economics, soccer, swimming

*From October 2004 to December 2004* I followed the Course of First Aid and Sanitary Education, organized by U.S.I. of Notaresco (TE)

I am a member of Mensa Italia, of Libera – Contro le mafie and of the Libertà e Giustizia association

*I authorize the treatment and the communication of my data in accordance with the 196/03 law*
